

HAMMERS AND NAILS NEWS
FROM THE RIVER VALLEY CHRISTIAN CHURCH ELDERS

EDITION # 3, APRIL 14, 2010

GREETINGS:

IT IS VERY EXCITING & REWARDING TIMES AT RIVER VALLEY CHRISTIAN CHURCH AS THE FORMAL PREPARATION OF DESIGN DOCUMENTS FOR SITE DEVELOPMENT & BUILDING CONSTRUCTION HAS BEGUN.

On Tuesday, April 13, 2010 the Elders signed an agreement with T & W ChurchSolutions whereby T & W will begin preparation of plans and documents required to initiate site improvements and building construction. Very soon you will see staking on the site identifying the location of various aspects of planned development.

Over the next several weeks the Elders and T & W will be meeting to continually review and update plans, schedules and documents to be certain the project meets the RVCC ministry goals and budget. Many, many meetings have already been held but somehow it seems we are just now beginning the REAL WORK of growing Christ's ministry through River Valley Christian Church. The Elders ask that you be in continual prayer for the Elders to receive God's blessings of wisdom, insight and patience as they endeavor to apply direction from OUR HEAVENLY FATHER to plan and paper.

Exciting news about MONEY! The finance committee has secured loan proposals to finance our development from two lenders offering very competitive rates and terms! Praise the Lord!!! The final selection of a lender will be made in the next few weeks.

The goal of the RVCC leadership is to finalize the design phase of the project and proceed toward a groundbreaking in July, 2010. It is our belief that through continued prayer and commitment God will bless RVCC with the opportunity to hold services in His new facility during December, 2010.

Please pray that God receives the GLORY as we strive to be worthy of His grace & blessings.

In service to Him, RVCC Elders.
